

## ROTESTSUPPORT IVEN DE VALERA

British Representations to United  
States Are Sought in House  
of Commons

## AW IS OPTIMISTIC

Government Leader Expresses  
Himself As Satisfied No  
Wrong Is Intended

London, May 6.—The subject of  
a support given to "the Irish repub-  
lic" by some persons in the United  
states came up in the house of com-  
mons today. Horatio Bottomley ask-  
ed whether the government was aware  
of appeals for subscriptions for the  
Irish republic which had been ad-  
dressed by De Valera as president  
of the "Irish republic" were ap-  
pearing in American newspapers  
and were supported by the gov-  
ernment of various states, and whether  
the British government proposed to make  
representations on the matter to Pres-  
ident Wilson.

Mr. Bonar Law, replying in behalf  
of the government, said it was under-  
stood that such appeals were still ap-  
pearing in certain American papers,  
but he was not in a position to say  
whether they were supported by any  
person. Great Britain, he added,  
was not prepared to make representa-  
tions.

Mr. Bottomley asked whether Mr.  
Law had seen the announcement that  
nearly 2,000,000 pounds had been  
subscribed to this fund, and that tri-  
umphal processions had gone through  
the principal streets in the United  
states in celebration of the event, and  
that De Valera had been entertained  
by state governors. He asked if Mr.  
Law did not consider in interna-  
tional law this amounted to an un-  
derstanded act, and whether new in-  
structions would be given to the Brit-  
ish ambassador.

The government leader said he had  
seen a statement of the specific  
sums named, but it did not alter his  
view regarding Great Britain's right  
to make such a statement, and that he  
was not in a position to say whether  
he would take action to which the  
country had a legal right.

Robert Burton Chadwick asked  
whether Mr. Bonar Law was aware  
at this "outlet" was recently hon-  
ored with the freedom of New Or-  
leans, and whether any representation  
had been made to the United States in  
a face of this "deliberate insult by  
a ostensibly friendly power."

Mr. Bonar Law answered that he  
was quite satisfied that the good feel-  
ing of the United States was not re-  
sented at all by such demonstra-  
tions, and that he did not believe that  
any action the British government  
could take against them would have  
any other effect than make the rela-  
tions worse.

## OLDER RELIEF VOTE NOT TO BE TAKEN NOW

Feeling That Problem Should Go  
Over Election Season Ex-  
pressed By Some

Washington, May 6.—After a  
series of informal conferences, Demo-  
cratic and Republican members of  
the house agreed today there was no  
respect of enactment of soldier re-  
lief legislation before the forthcoming  
session for the political convention.  
Minnesota, the Republican whip,  
said that many members felt that the  
sole question should go over until  
the November election so as to  
avoid the possible injection of parti-  
anship in its consideration.

## WOOD WINS INDIANA; AND OHIO DELEGATE

Harding, However, Has Plurality  
in Ohio of 14,692 Over  
Major General

Indianapolis, Ind., May 6.—Major  
General Leonard Wood carried In-  
diana with a plurality of 5,347 over  
Senator Hiram W. Johnson of Cal-  
ifornia, in Tuesday's Presidential pri-  
mary, on the face of complete unof-  
ficial returns from the 3,357 precincts  
of the state. The vote was Wood,  
35,775; Johnson, 29,829; Lowden, 31,  
118; Harding, 20,819.

Columbus, O., May 6.—Major Gen-  
eral Leonard Wood will have one of  
Ohio's "Big Four" delegates to the  
Republican national convention, offi-  
cial results of the recent primary an-  
nounced this evening by the secretary  
of state, show William Boyd, Wood  
candidate, to have been elected by a  
plurality of 959 votes over Harry N.  
Daugherty, Senator Warren G. Hard-  
ing's national campaign manager.

General Wood thus will receive nine  
of Ohio's 18 delegates, the others go-  
ing to Senator Harding.

The official vote gives Senator Hard-  
ing the Presidential preference choice  
over General Wood by a plurality of  
14,692.

## EDWARDS IS CANDIDATE ON DEMOCRATIC TICKET

Jersey Governor Formally An-  
nounces Aspirations Through  
Walter Vick, a Friend

New York, May 6.—Governor Ed-  
wards of New Jersey became an  
avowed, active candidate for the Dem-  
ocratic nomination for President of  
the United States tonight. Walter V.  
Vick, personal friend of the governor,  
issued the formal announcement of  
his candidacy of the opening here of  
Edwards' campaign headquarters.

"Governor Edwards begins his cam-  
paign without any political machinery  
or prestige lent him from any source,"  
Mr. Vick said. "He runs on his  
record as governor of New Jersey, as  
his former comptroller and a man of  
affairs in the business and financial  
world in the past 25 years. His rise  
in the business world as a self made  
man as well as his entire career, both  
business and political, presents abun-  
dant proof of his sympathetic regard  
for the great productive forces of the  
country."

## FOR OPEN MARKET IN WHEAT

Plans for Disposition of Product After  
Expiration of Wheat Guarantee  
Act Are Discussed

Chicago, May 6.—Plans for the  
re-establishment of an open market  
in wheat following expiration of the  
wheat guarantee act on June 1, will  
be discussed here tomorrow at a meet-  
ing of representatives of boards of  
trade, country and terminal elevators  
associations, grain buyers, exporters  
and bankers, called by Julius H.  
Barnes, wheat director.

The open market, including trad-  
ing in futures, was suspended early  
in the war at the request of Herbert  
Hoover and has never been restored,  
as the government guaranteed price  
for wheat remained in effect until  
June 1st.

The Chicago board of trade and  
other exchanges throughout the coun-  
try desired to resume trading in fu-  
tures, it is said, but want assurances  
from the government to safeguard  
their market.

## ARTICLE X IS DISAPPROVED

Principle of Self-Determination Is  
Favored, However, by Rhode  
Island Democrats

Providence, R. I., May 6.—Disap-  
proval of Article X of the covenant of  
the League of Nations as submitted  
by President Wilson to the senate, but  
approval of a league of nations that  
would conform to the principles of  
self-determination for small nations,  
was expressed by the Democratic party  
of Rhode Island in a resolution adopt-  
ed at the state convention here today.

Another resolution commended Sen-  
ator Peter G. Gerry for his stand in  
behalf of Ireland as expressed in the  
resolution bearing his name that was  
adopted by the senate on March 18  
last. The resolution directed the de-  
legates from this state to the national  
convention at San Francisco to do  
everything in their power to the end  
that the Irish republic be recognized  
by the government of the United  
States.

## BUFFALO STRIKERS APPEAL TO ROADS TO BE TAKEN BACK

Buffalo, May 6.—First breaks in  
the ranks in the yardmen who quit  
their post in the Buffalo railroad  
yard a week ago today today, came  
tonight when a committee claiming  
to represent 90 per cent of the men  
asked Stephen T. Lockwood, United  
States attorney, to appeal to the rail-  
roads for reinstatement of the switch-  
men and yard conductors who walked  
out. Railroad officials with whom Mr.  
Lockwood communicated tonight re-  
fused to grant the appeal of the men  
and said that any who returned would  
be taken back as new employees, with-  
out restoration of seniority rights.

## CARRANZA READY TO COMPROMISE

Conferences Between Mexico's  
President and Rebel Leaders  
Are Reported in El Paso

## WAS FACING FAMINE

Shortage of Necessities in Capital  
City Have Influenced Car-  
ranza's Determination

El Paso, May 6.—Facing famine  
in his capital city, President Venus-  
tiano Carranza has sought to effect a  
compromise with the revolutionary  
forces, according to a statement issued  
today by P. R. Beltram, commere-  
cial agent for the liberal constitu-  
tional party at El Paso.

"The shortage in necessities has  
reached a serious stage in the  
capital," one of the statements said.  
"The attitude of the working  
classes is threatening and grave dis-  
orders are expected at any moment."

President Carranza was reported as  
having held conferences with Robles  
Domínguez, a leader of the opposi-  
tion, in an effort to reconcile the re-  
volutionists. The result of the negotia-  
tions, however, were not known here.

El Paso, Texas, May 6.—President  
Carranza was scheduled to leave Mex-  
ico City for Vera Cruz sometime to-  
day, according to a telegram received  
from Nogales, Ariz., tonight by La  
Patria, a Spanish language newspaper  
published here.

Washington, May 6.—Concentra-  
tion by Carranza of troops at Mexico  
City caused rebel representatives here  
and some American army officers to  
believe today it might indicate the  
President's determination to gather  
about him a force sufficiently strong  
to enable him to transfer his seat of  
government. The obvious purpose of  
such concentration, it was explained,  
would be the defense of the capital,  
but, according to military experts,  
Mexico City is so difficult to defend  
that Carranza might be expected to  
employ the same tactics he did when  
Villa gained the ascendancy in 1914,  
and again set up his capital at Vera  
Cruz.

## Debate Carranza's Next Move

Revolutionary agents here agreed  
that it would be possible for Carranza  
to utilize a comparatively small force  
of loyal troops for a stand somewhere  
outside the capital and that it might  
even be possible for him to force his  
way to his old temporary capital at  
Vera Cruz and from there direct a  
counter movement.

It would be possible for Carranza  
to take with him to Vera Cruz or to  
some other point the officials of the  
supreme court and a considerable  
quantity of supplies and money, but  
observers asserted, his position would  
then be no stronger than that of Villa  
or any other leader conducting inde-  
pendent operations. The possible suc-  
cess of such tactics, they declared, de-  
pended wholly upon a radical change  
in popular opinion.

## Legislature Favors Revolution

Information based on news contain-  
ed in the Mexico City newspapers of a  
recent date indicate that Carranza  
was preparing to send General Murguía  
south into the state of Puebla to at-  
tack the rebels that have been gather-  
ing there under the command of  
General Pablo Gonzales, who recently  
joined the revolt. The federal garriso-  
n in the city of Puebla is reported to  
have withdrawn Monday upon the  
approach of Gonzales and to have  
taken refuge in Apizaco, Tlaxcala.

Other reports from Mexico City are  
that the legislature of the state of  
Mexico had declared in favor of the  
revolution and that General de la  
Torre had been sent to recapture To-  
luca, the state capital. Oaxaca, cap-  
ital of the state of the same name,  
Tuxtla and Teneo, near Tampico,  
are towns now claimed by the rebels.

## DENY HOOVER'S DISAPPROVAL

Chicago, May 6.—Reports that  
Herbert Hoover was not in favor of  
woman suffrage were denied by Hoov-  
er headquarters here tonight, follow-  
ing receipt of a telegram from Mrs.  
Herbert L. Pratt, of the National  
Hoover Republican club, defining the  
former food director's stand.

## PLEDGE SUPPORT TO IRISH

Recognition of Sinn Féin Demands  
Are Disapproved by Lord Birken-  
head in House of Lords

London, May 6.—In a debate in  
the house of lords today concerning  
conditions in Ireland, Baron Birken-  
head, lord high chancellor, on behalf  
of the government, said it was intend-  
ed to continue the policy of giving the  
Irish executive all possible assistance  
and support. He added that in no  
circumstances would the demand of  
the Sinn Féin and that the proposals  
to invite the Sinn Féin to another Irish  
convention was a proposal wholly  
out of contact with any living reality.

"The country would be well advis-  
ed," Baron Birkenhead continued,  
"that we are faced by a body of des-  
perate, well organized and able men,  
banded together to challenge British  
might and to shrink from no means  
calculated to secure what they call  
self-determination and independence."

## Carranza Will Not Quit As President of Mexico

Mexico City, Mexico, May 6.—Re-  
fusal to abandon the presidency in  
face of the menace of rebellion  
featured a manifesto issued yester-  
day on the occasion of the national  
holiday by President Carranza.

The president announced that he  
would fight to a finish to put down  
the rebellion and that he would not  
turn over the presidency to anyone  
except a legally elected successor.  
He enunciated the principle of  
the elimination of the coup d'état  
from Mexican politics, asserting  
that the presidency must not be a  
prize for military leaders.

In the manifesto, President Car-  
ranza declared that it would be  
impossible to hold the presidential  
election which had been set for  
July 4. Also he traced the events  
in Mexico which he charged repre-  
sented a plot by the followers of  
General Obregon to gain the presi-  
dency through means of violence.

## RAILROADS SEEK LOAN FOR NEW EQUIPMENT

Shortage of Rolling Stock Neces-  
sitates Outlay Estimated At  
Approximately \$500,000,000

Washington, May 6.—Railroad ex-  
ecutives today asked congress for an  
additional \$500,000,000, with which to  
buy rolling stock during the coming  
year. Appearing before the senate  
interstate commerce committee, rep-  
resentatives of the carriers declared  
that a serious and general shortage  
existed through the middle west and  
that they were unable to borrow mon-  
ey on their own credit for freight  
cars needed to remedy the situation.

Samuel Rea, president of the Penn-  
sylvania system, speaking for the  
roads, suggested that the government,  
if it furnished the money and equip-  
ment, take trust certificates for se-  
curity and hold them until they could  
be sold advantageously to general in-  
vestors.

Some idea of what the roads needed  
in the way of equipment was given  
by the committee by E. N. Brown, chair-  
man of the St. Louis and San Francis-  
co, who declared the present shortage  
amounted to 226,000 freight cars, 3,  
190 locomotives and 6,600 passenger  
cars. He believes they could get  
along for a time with 100,000 freight  
cars and 2,000 locomotives, total cost  
of which was estimated at \$15,000,  
000.

Mr. Brown testified that the car-  
riers had paid as high as seven and  
three-quarter percent interest on  
equipment funds in the open market  
and finally had been told that \$150,  
000,000 was all that could be bor-  
rowed for that purpose.

## LOOT JEWELRY STORE IN BROAD DAYLIGHT

Three Armed Bandits Then Make  
Their Escape Through Big  
Crowd in Street Outside

Newark, N. J., May 6.—Three  
armed bandits in broad daylight to-  
day looted Louie Berns' jewelry store  
around the corner from police head-  
quarters and effected their escape in  
an automobile, after holding a crowd  
at bay with drawn revolvers.

All entered Berns' store in a body,  
struck him down and began packing  
away gems from the show cases. When  
Mrs. Berns opened a rear door and  
saw them they threatened to shoot  
her, but she ran shrieking into the  
street, where a crowd soon gathered.

Into the midst of the men and wo-  
men who then began surging toward  
the front of the place the three men  
calmly walked from the store with  
leveled revolvers, opening a way to  
their waiting car. All jumped in and  
a fourth man drove the machine up  
the street and out of sight in a cloud  
of dust.

## HENRY'S STOCK LOSSES HEAVY

Ousted New York Police Commis-  
sioner Lost Approximately \$50,000 in  
Five Years

New York, May 6.—Evidence to  
show that Police Inspector Dominic  
Henry, formerly in command of the  
tenderloin district, dealt with a stock  
exchange firm which in July, 1915,  
charged off to "profit and loss" a debt  
of \$12,562, which he owed, was made  
public tonight by Assistant District  
Attorney James E. Smith. The evi-  
dence will be presented to the grand jury  
tomorrow, Mr. Smith said.

Books of the brokerage concern in  
the possession of Mr. Smith, it is said,  
show that Inspector Henry's losses  
from stock speculation during a period  
of four or five years, totalled nearly  
\$50,000.

Members of the firm, through which  
Henry is alleged to have conducted  
his speculations, will be called before  
the grand jury.

## CALL POST AS WITNESS

Washington May 6.—The house  
rules committee, inquiring into the  
official conduct of Assistant Secretary  
of Labor Post, today set May 14 as a  
date when Mr. Post may appear as a  
witness.

## CITES INJUSTICE WROUGHT BY SIMS

Admiral Benson Recalls State-  
ment Regarding British Only  
As Precautionary Warning

## FEARED UNDUE TRUST

Twice Warned Officer in Com-  
mand of Fleet in European  
Waters Against Danger

Washington, May 6.—Denying that  
he had any feeling against the British,  
Rear Admiral William S. Benson de-  
clared before the senate naval inves-  
tigating committee today that he had  
been done a grave injustice through  
Rear Admiral Sims' instructions re-  
ceived before going abroad.

Admiral Benson said he could not  
recall whether in his final instruc-  
tions to Admiral Sims he had said:  
"Don't let the British pull the wool  
over your eyes; we would as soon  
fight them as the Germans," but ad-  
mitted that if he used such language,  
it was for the purpose of impressing  
upon the admiral that the United  
States still was a neutral.

The witness told the committee that  
he had not only cautioned Admiral  
Sims on that occasion but twice dur-  
ing the war not to let his friendship  
for the British unduly influence him.  
He discussed the matter with the of-  
ficer first in London, he said, and la-  
ter in Paris. He explained that he  
was prompted by what he described  
as a feeling growing in the United  
States that Admiral Sims was per-  
mitting his friendship for the British  
to influence him unduly in using  
American destroyers to protect British  
shipping.

On neither occasion, said Admiral  
Benson, did he use the language at-  
tributed to him by Admiral Sims.  
Admiral Sims, the witness said, had  
the entire confidence of the depart-  
ment and his recommendations were  
given "every consideration consistent  
with the general policy of giving all  
possible aid to the Allies."

Asked by the chairman why, if this  
were true, all of Admiral Sims' recom-  
mendations were not immediately fol-  
lowed, the witness said Admiral Sims  
was not charged with final responsi-  
bility and the department's acts had to  
be based on the general situation.

## NOTE LITTLE PRICE REDUCTION

New York Federal Reserve Bank Re-  
views Business Conditions for  
First Four Months of Year

New York, May 6.—Reviewing  
general business conditions for the  
first four months of the year, the  
local federal reserve bank in a state-  
ment issued today arrived at the con-  
clusion that little headway has been  
made "toward a reduction of either  
commodity prices or credit volume."

Referring to the necessity of im-  
proving conditions, the statement  
said:  
"When we realize that in another  
few weeks southern harvests will be-  
gin and in another four months we  
shall be in the autumn period . . .  
it is important that both bankers and  
business men should carefully study  
the situation at once, calmly but  
frankly to see what can and should  
be done to prepare for these demands  
and to effect, meantime, not only pre-  
vention of further credit and price  
inflation, but a measurable reduction  
of both."

## MAY STOP WHOLESALE THEFTS OF MOTOR CARS IN NEW YORK

New York, May 6.—Wholesale  
theft of automobiles during the last  
few months is believed by the police  
to have been cleared up today with  
the arrest of three men in Brooklyn,  
who are alleged to have confessed to  
have stolen many cars which they sold  
for only \$150 each. Forty-two of the  
lost machines already have been re-  
covered, the police said, 23 having  
been sold to one man in Hempstead,  
Long Island. Most of them, however,  
were shipped south.

One of the men arrested was a  
Brooklyn garage owner, who is al-  
leged to have been buying the stolen  
machines at \$150 each.

## SPURNS OFFER OF \$5,000 HAT FOR MADAMEISELLE DESCHANEL

New York, May 6.—President  
Deschanel of France has refused to  
accept Madame Deschanel to ac-  
cept the \$5,000 hat offered her by 3,  
000 American milliners for her en-  
dowment of the "Four Seasons for  
millinery."

This was announced today at the  
convention here of the Millinery Job-  
bers association when a letter was  
read from Ambassador Jusserand de-  
claring that the American creation  
made from material supplied by each  
of the 48 states and decorated with  
nine paradise plumes, each costing  
\$50 had been refused.

## WILSON NOW TITLE HOLDER

Boston, May 6.—Johnnie Wilson of  
Boston won the middleweight boxing  
championship of the world when he  
was awarded a referee's decision over  
Michael Dowd of St. Paul here to-  
night. The fight went 12 rounds.

## CATHOLICS TO RAISE BIG ENDOWMENT FUND

Millions Will Be Used to Pro-  
mote Welfare of Church  
Here and Abroad

Chicago, May 6.—An endowment  
fund of \$25,000,000 with which to  
conduct activities among Catholic or-  
ganizations in America and in foreign  
countries will be raised by the Na-  
tional Catholic Laymen's council of  
the National Catholic Welfare coun-  
cil, it was announced following the or-  
ganization of the Welfare council by  
representatives from 171 Catholic so-  
cieties at a meeting that closed to-  
day.

The laymen's council is one of the  
subordinate organizations of the gen-  
eral welfare council and will be guid-  
ed by an executive board of 12 mem-  
bers, chosen today. Upon this com-  
mittee, the work of obtaining the en-  
dowment fund will devolve.

The program adopted for guidance  
of the council included:  
Reports of representatives of each  
organization regarding special work  
of Catholic interest; requiring of each  
member of the conference to carry a  
special message to his locality re-  
garding the building up of parochial  
and diocesan and lay organizations;  
training schools for trained social  
workers; problems of the education of  
boys; international relationship; rep-  
resentation in the name of the coun-  
cil to important meetings with secular  
organizations or government move-  
ments; relations on international con-  
ferences and reports from chairmen  
in each national Catholic organiza-  
tion regarding new activities and the  
particular field.

The executive committee will select  
the officers of the council and name  
the time and place for its meeting.

## LABOR PARTY OBJECTS TO MAY DAY WARNINGS

Protest Against Palmer's Revela-  
tions Is Laid Before the Fed-  
eral Labor Board

Washington, May 6.—Attorney  
General Palmer's warning of threat-  
ening May day violence and announce-  
ment of steps taken to prevent it were  
assailed before the railroad labor  
board today by Timothy Healy, presi-  
dent of the Brotherhood of Station-  
ary Firemen and Others as part of  
what he characterized as a "displeas-  
ing propaganda against labor."

Such propaganda, Mr. Healy said,  
was started within less than 24 hours  
after the signing of the armistice and  
was designed to poison the minds of  
the people to such an extent that the  
protesters could still further increase  
prices and place the blame on labor.

While not naming the attorney gen-  
eral directly, Mr. Healy told the board  
that the crusade of a "high govern-  
ment official" against radicals was un-  
doubtedly for the purpose of aiding  
in the campaign of certain employers  
of the country to secure laws estab-  
lishing involuntary servitude. He re-  
ferred to sedition laws proposed in  
congress and said that while framed  
"ostensibly to eradicate Bolshevism,  
I. W. W.ism and anarchism, they  
would have tied labor 'hand and  
foot.'"

## AWARD WAR CROSSES TO VICINITY HEROES

Posthumous Recognition of Ser-  
vices of Deceased Sidney and  
Cobleskill Soldiers

New York, May 6.—Twenty-five  
Distinguished Service Crosses and one  
Croix de Guerre were publicly be-  
stowed at the city hall yesterday.  
Col. B. W. Atkinson, recruiting officer  
of the New York district, and Lieut.  
John Riley were in charge of the  
ceremony, and President La Guardia,  
of the board of aldermen made a  
speech.

Five of the American crosses were  
in recognition of valor by men killed  
in action. These men were Corporal  
George Blessing, Sidney, 35th In-  
fantry; Corporal Jack Karker, Cobleskill,  
and Corporal Harold Ferguson,  
Thiells, both of the 10th Infantry;  
Private John Andrea, Cheektowaga,  
3rd Machine Gun Battalion, and Cor-  
poral Harry Pariser, 641 East 176th  
street, New York. This last medal  
was received by Sergeant Max Pariser  
of 1944 Teller avenue, the Bronx, who  
lost a leg while serving in the Lost  
Battalion.

The Croix de Guerre went to Pri-  
vate C. E. Gagner, Rockaway, 125th  
infantry.

## UNINSTRUCTED DELEGATION

Kansas City, Mo., May 6.—Eight  
delegates at large to the Republican  
National convention, uninstructed as  
to presidential preference, were elect-  
ed by the Republican State convention  
which adjourned late today. Resolu-  
tions adopted by the convention in-  
clude sections condemning the League  
of Nations covenant without reserva-  
tions, denouncing the national admin-  
istration and demanding that all laws  
be strictly enforced. Two of the de-  
legates at large are women and the  
eight alternates named are also wo-  
men.

bers of "Big 4" Vote Against  
the Resolution

Albany, May 6.—New York state  
delegates to the national Democratic  
convention at San Francisco placed  
themselves on record as being in favor  
of the unit rule, here tonight, at  
the opening session of a two days'  
conference.

A resolution, offered by former Con-  
gressman J. J. Fitzgerald of New  
York, called upon the conference to  
adopt by the unit rule resolution, ac-  
cepted at the unofficial state conven-  
tion in Albany in February, and was  
acted favorably upon after one by  
former Congressman George H. Luna,  
now mayor of Schenectady, which  
sought to abolish it, was voted down,  
54 to 8. The Fitzgerald resolution  
was adopted by a voice vote.

Final action on the two resolutions  
came after nearly two hours of dis-  
cussion. The only other business  
transacted at today's session was the  
selection of William M. Farley, Demo-  
cratic state committee chairman, and  
Albert E. Hoyt, secretary of the com-  
mittee, as temporary chairman and  
temporary secretary of the confer-  
ence, respectively, and the appoint-  
ment of a platform committee which  
is to report at tomorrow's session,  
which will begin at 2 p. m.

This committee, to which all sugges-  
tions regarding planks in the national  
platform by the New York delegates  
will be submitted for consideration,  
includes Bourke Cockran, New York;  
Miss Elizabeth Marbury, New York;  
Miss Harriet May Mills, Syracuse;  
Louis F. Desbœcker, Buffalo; J. J.  
Fitzpatrick, Buffalo; William Church  
Osborn, Putnam; C. A. Stone, Troy;  
Ben Wilds, Syracuse; and Winfield  
Huppeuch, Hudson Falls. The com-  
mittee will meet at 9:30 o'clock to-  
morrow morning. Chairman Huppeuch  
announced tonight.

The eight delegates who supported  
the Luna resolution were Lathrop  
Brown, St. James; George F. Kent,  
Jericho; Calvin Tompkins, Rockland  
county; John J. McCabe, Glens Falls;  
William S. Doyle, Amsterdam; George  
E. Luna, Schenectady; Roy Lock-  
wood, Ticonderoga; Thomas W. Mea-  
chan, Syracuse.

Governor Smith cast the first vote  
against the resolution and the other  
members of the "Big Four," Miss  
Harriet May Mills of Syracuse, Miss  
Elizabeth Marbury of New York and  
Louis E. Desbœcker of Buffalo also  
voted against it.

## MANY GAINS ARE LOST BY PROFIT REALIZING

Interests Which Have Diverted Market From Its Downward Trend Continue Active

New York, May 6.—Stocks were frequently higher at the opening of today's market, wavering or uncertain at midday and heavy at the close, when realizing for profits caused general cancellation of gains in all but a few of the more speculative issues.

Trading was animated by the same influences which have diverted the market from its recent downward trend, but lack of public interest or sustained bullish leadership finally reduced gains to slender dimensions. Poor's essayed to elevate the more popular issues of the industrial division, especially steels, equipments and oils, after taking up shippings and sundry specialties comprising the chemical and fertilizer groups, but their operations failed to enlist outside support.

The money market was easier in that the supply of call money at seven per cent at all times exceeded requirements, but further contraction of time funds and merchant paper was reported. In a series of general conditions for the first four months of the year, the local Federal Reserve bank expressed the opinion that "very little progress toward a reduction of either commodity prices or credit volume has been made."

On the other hand, there was much discussion among bankers with mercantile connections of the "deflation" now under way, a leading business center of the country. This movement is finding expression, they say, in wholesale and retail offerings of merchandise, particularly high priced textiles and leathers.

The bond market gave a better account of itself than the stock list, representative industrials and rails tending higher, with a further recovery in Liberty issues, notably the 3½'s, which rose to 91.50, or 1-15 per cent over their recent low record. Old U. S. bonds were unaltered on call.

As a play "The Fortune Hunter" won fame from coast to coast. It has drawn capacity houses in about every city in the country and is always a favorite vehicle for stock companies. The film version has a much wider range. Scenes that were impossible to stage, owing to the limitations of paint, canvas and time, are included in the cinematization. The natural scenery, the rural atmosphere and the accurate eye of the camera give a force and beauty to the action that is otherwise impossible. The story is one of absorbing interest. It is the type that is ever popular with old and young because it idealizes youthful aspirations and achievement.

**JURY IN BREACH OF PROMISE SUIT RETURNS VERDICT FOR PLAINTIFF.**

Motion for New Trial Is Made by Attorney for L. Gerald King, Defendant, and Probably Will Be Granted.—List of Indictments by Grand Jury.

Delhi, May 6.—The jury in the breach of promise suit brought by Miss Edna Brisack of Deposit against L. Gerald King, also of that village, returned a verdict in favor of the plaintiff, to the amount of \$5,000. Miss Brisack's grounds for the action were that she was engaged to marry King, that shortly afterward she became a mother, that King was the father of her child, and that he had refused to marry her. King now is engaged to Miss Elizabeth Bell, a young woman of Deposit, and the marriage is scheduled to take place soon.

Miss Brisack being under legal age, the suit was brought by Attorney Frank Taylor of Hancock, appointed guardian for the purpose. From start to finish, the trial moved along with but little wrangling on the part of the attorneys engaged, although at frequent intervals the progress of the trial many "compliments" and "pleasantries" were exchanged by the lawyers. The case was given to the jury at 5 o'clock yesterday afternoon, and at about midnight brought in a verdict for the plaintiff. The charge of the jury by Justice Theodore H. Tabb of Binghamton was considered fair and impartial by all parties concerned.

At the opening of court this morning, a motion for a new trial was made by the defendant's attorney, Harvey D. Hinman of Binghamton. The court took the matter under consideration and it is the consensus of many spectators that the motion will be granted.

The case now on trial is No. 19 on the calendar and is brought by the U. S. Casualty company against the Delaware and Northern Railroad company. Attorney Andrew C. Fenner of Margaretville is representing the railroad and C. S. Putrash the casualty company. It is a matter of circumstance yet to develop whether the court lays into next week or not.

The following persons have been indicted by the grand jury: Mr. Doer, grand larceny first degree; John Connor, arson first degree; Pasquerelli, burglary; Fred Fischer and Ruby Stokes, adultery; Ruby Stokes pleaded guilty and was given a suspended sentence. The other persons indicted pleaded not guilty.

**MIX SCORES HEAVILY IN LATEST PHOTOPLAY**

The most successful photoplay in which Tom Mix has appeared here, "The Speed Maniac," holds head position in the splendid big double bill.

Against a background of a charming story of love and mystery, Tom Mix stages some new and powerful scenes that show not only the cleverness of that William Fox star as an actor and his long practiced skill of muscle and nerve, but also a marvelous intuition with which he dared death yet most skillfully calculates his hairbreadth escapes. The big auto race in which Mix's car is wrecked, the rescue of a girl in a runaway trolley, and a big boxing match at which a young girl appears disguised as a man, furnish a few of the highlights.

For a real adventure and human appeal, put over by the cleverest of screen line on the screen today, the inimitable Tom Mix in "The Speed Maniac" is a delight.

LABOR AND OTHER LAWS.  
Governor Smith on Wednesday of  
this week signed several bills which  
will be of interest alike to workmen  
in the state and their employers. One  
of them is a bill to bring occupational  
diseases under the provisions of the  
Workmen's Compensation law. In his  
memorandum relative to this measure  
the Governor holds that occupational  
diseases are due in most cases to long  
and continued exposure to some poi-  
sonous substance used in connection  
with the employment. He states that  
the constitutional provision permit-  
ting such a law was not intended to  
limit the statute to accidental injuries.

A second amendment to the com-  
pensation law, signed by him, in-  
creases the benefits payable to injured  
employees and their widows and other  
dependents. The present law, he says,  
was enacted in 1914. Since then the  
scale of wages and the cost of living  
have increased and he holds that the  
amendment is in harmony with exist-  
ing conditions. A third amendment re-  
tains the provision requiring attorneys  
to submit claims for legal services,  
but also makes it a misdemeanor for  
any other persons to accept a fee in  
connection with a case unless the  
commission approves. It also extends  
the preference against the assets of  
employers to those of insurance com-  
panies.

Two other bills of general interest  
were also signed on Wednesday. One  
amends the Conservation law so that  
hereafter only one deer, and that a  
buck, can be shot by any person dur-  
ing a single game season. As is known,  
the governor signed the bill shortening  
the season and permitting either a  
buck or doe to be shot, but with the  
understanding that if it did not work  
well it would be amended at the  
present session. It did not work well,  
and the present law, which keeps  
down the length of the open season  
and at the same time prohibits the  
killing of does, is the result. There  
will be general approval of this  
measure now that the result of the  
indiscriminate slaughter of a year ago  
is fully realized.

One more bill of general interest  
is the one which authorizes the ex-  
penditure of one million dollars, one-  
half of it at once available, for the  
betterment of the Palisades Interstate  
park. This course on the part of the  
state is contingent on the raising of  
an equal sum from private sources.  
The moneys from outside sources will  
be used to purchase and charter  
steamboats, so that the people of New  
York may at a nominal sum have the  
privilege of visiting the park during  
the day and returning before night-  
fall.

## HELPING SALVATION ARMY.

Evidence of the intention of the  
American Legion to co-operate with  
the Salvation army in making a suc-  
cess of the Home Service appeal from  
May 15 to 25 is furnished in a letter  
made public by Franklin K. Lane, na-  
tional chairman of the appeal.

In accepting an invitation to serve  
on the National Committee of the Ap-  
peal, Franklin D'Oller, national chair-  
man of the American Legion, an-  
nounces that he breaks a rigid rule in  
order to show the appreciation of  
members of the Legion for the work  
of the Salvation army at the front.  
His letter to Chairman Lane follows:  
"Because of my official position at  
the present time as head of the Amer-  
ican Legion, I have been obliged to  
decline to serve in any capacity on any  
committee during this year.

"However, the Salvation army oc-  
cupies such a very warm spot in the  
heart of the ex-service men that I  
shall be only too glad to make a spe-  
cial exception in this instance, and to  
serve on your national committee for  
the year 1929."

## POLITICAL ADVERTISING

ANNOUNCEMENT OF THE CON-  
GRESSIONAL CANDIDACY OF  
JOHN D. CLARKE

To the Republican Voters of the Dela-  
ware, Otsego, Chenango and  
Broome Counties.

I am making the nomination on the  
Republican ticket for Congressman  
from the Otsego district. I set forth briefly facts  
concerning myself, my birth, educa-  
tion, experience and views that may  
assist you in judging of my qualifica-  
tions for the office to which I seek.

Birth and ancestry: Born in Hobart,  
Delaware, March 10, 1871. My parents  
were John D. and William J. Clarke.  
I was a member of the 11th regiment,  
as was my father, Captain John  
Clarke. My mother was a daughter of  
John D. Clarke of Dayton, Dela-  
ware county.

Education and training: Begun in  
the schools of Delaware county, con-  
tinued at the college where I  
was graduated in 1898, and com-  
pleted in the law schools in New  
York and I have passed the New  
York State bar examination and have  
been duly admitted to practice law.

I am withdrawing from all activities  
except my farm. I am trying to learn  
the real problems of the farm and do  
my best as a farmer. In their  
solution, I believe, not only through  
strong farm organizations and co-  
operation can lasting results be ob-  
tained for the farmer, so I early joined  
the Dairymen's league.

Many of my friends urged me to  
become active in politics, but I refused  
as I was content to serve in the  
ranks, as all good citizens should be.  
The present regime in Washington,  
however, of incompetency; of ambigu-  
ous, nebulous and half-baked pacif-  
ists or full-grade Socialists, of  
squanderers of everybody's money but  
their own, (many of them had a real  
job), so thoroughly aroused me that  
finally at the solicitation of my friends,  
I agreed to make the canvass, and to  
give the people of this congressional  
district a chance to express themselves  
as to whether I am the man they  
want to represent them. I am no  
heaven-sent genius, but I am a real,  
live 100 per cent American, who be-  
lieves we need a genuine houseclean-  
ing from top to bottom in Washing-  
ton, and I should love to assist, with  
my party, in that housecleaning. I  
also believe we need the introduction  
of a thorough-going business admi-  
nistration; that the running of our  
government should be along business  
lines.

First: Americanism: A very great  
American said, "We Americans are  
children of the crucible. The crucible  
does not do its work unless it turns  
out those cast into it in our national  
mould established by Washington and  
his fellows when they made us into a  
nation." That is also my doctrine and  
is your job and mine to make it  
come true.

Second: Let us demand the re-in-  
roduction into all departments of our  
Government of a real, business ad-  
ministration that seeks to make a  
record for saving not spending.

Third: Let us work out a compre-  
hensive, carefully-planned compulsory  
educational law that demands—  
(a) Of native born, the full dis-  
charge of the duties and responsi-  
bilities of citizenship.  
(b) Of the foreign born, education,  
the mastery of our language, and  
some understanding of their  
rights under the Constitution, so  
they will not be so easily led by  
the demagogues, and let the test  
of their eagerness to become citi-  
zens be  
Character.  
Ability to read and write and  
speak the English language.  
Loyalty to the Constitution and  
flag.  
(c) Of those who seek our shores  
as emigrants, let us demand—  
Character plus a practical exami-  
nation.

Fourth: I believe in the continued  
abolition of the saloon.

Fifth: I believe in the right of men  
to organize and to work or not as  
they choose, but I don't believe they  
have any right to prevent any one else  
from working who wants to.

In Public Policies I am heart and  
soul for nearly everything that The-  
odore Roosevelt stood for, and against  
the multitude of "ifs" they claim to  
stand for in Washington today.

If you want me to represent you, I  
will give you my best efforts all the  
time. If the majority prefer another,  
you will find me, as a good citizen,  
willing to serve in the ranks and al-  
ways enlisted in the service of good,  
efficient government.

Very truly yours,  
JOHN D. CLARKE

Today and tomorrow mark the close of Clean-Up week in Oneonta—a six-day proceeding which has unquestionably had a good degree of attention. Today is Weed day, and owners and occupants of property are urged to clear the lawns of weeds and dandelions—they may eat the latter. Also bushes and hedges are to be trimmed and everything made to look tidy and ship shape.

Saturday will be a vacant-lot day. Get rid of the rubbish, and to insure the lot being kept tidy the season through, start a Thrift garden. There will be need of everything which can be raised this year.

## Notice to My Friends and Patrons:

I take this opportunity to thank all who have so faithfully stood by me the past 30 years and more of my business career in Oneonta, and having now decided to quit the business, have sold my plumbing and tin-smith tools, patterns and benches to Elmer Ferris of Lower Chestnut street, a man thoroughly acquainted with the trade and also the stove and hardware trade, and a man whom I can heartily recommend to the general public as a competent mechanic. Any orders in his line left with me will be done by him with dispatch, and to the satisfaction of his customers. George W. Rowell, 12 Otsego street, Oneonta, N. Y.

## TO OBSERVE ARBOR DAY TODAY

Extensive arrangements have been made for the observance of Arbor day in the schools of the city today, and the arrival of spring will be officially celebrated in a manner that will attract adults, as well as the children. There were three official Arbor days this year, but the Oneonta schools deemed them too early for this season, and therefore decided to postpone the event until today. An interesting feature of the day will be the dedication at the Oliver Street school of a tree to the memory of Clifford L. Morick, one of Oneonta's sons who made the supreme sacrifice for his country during the World war.

In every instance school will be dismissed for the day following the exercises. Needless to say, parents and friends of the children are cordially invited.

## FALLEN HERO'S BODY HOME

REMAINS OF HAROLD F. TURNER ARRIVE IN ONEONTA LAST EVENING.

Funeral Services Will Be Held at Chestnut Street Home Tomorrow Afternoon, with American Legion Participating—Guard of Honor Accompanies Flag-Draped Casket to This City.

The body of Harold F. Turner, son of Mr. and Mrs. Thomas Turner, who was one of Oneonta's young men to give their lives for the cause of humanity in the World war, arrived home last evening and is now reposing at the family home, 125 Chestnut street. The body arrived in New York in a sealed casket from France about a week ago on the transport Mercury, but its shipment to Oneonta was delayed on account of transportation troubles at the metropolis.

Mr. Turner received a telegram early yesterday afternoon from the Graves Registration service at Hoboken, announcing that the body had been shipped and would arrive here on the evening train from Albany. The American legion had planned to appropriately observe the sad homecoming, but owing to the short notice given of the arrival of the body, it was decided to postpone any ceremonies until the time of the funeral, when more of the men can be got together.

The body was accompanied from Hoboken to Oneonta by Mechanic Charles D. Bellati, a member of Company D, 13th Infantry, stationed at Hoboken, as a guard of honor. He had instructions not to let the casket leave his sight until it had been safely delivered at the Turner home, and he carried out his instructions religiously, even refusing to ride in another vehicle on the trip from the station to the home. When the modest Turner home had been reached, the casket, which was beautifully draped in the flag the young man died for, was carried inside, where it will remain until the funeral. Mr. Turner met the body at the train, but there was no other observance.

Funeral services for the young man will be held at the Turner home Saturday afternoon at 2 o'clock. Rev. Dr. B. M. Johns, pastor of the First Methodist church, will officiate, and the body will be placed in a burial crypt, long prepared, at Glenwood cemetery. It is expected that the American legion will take part in the service.

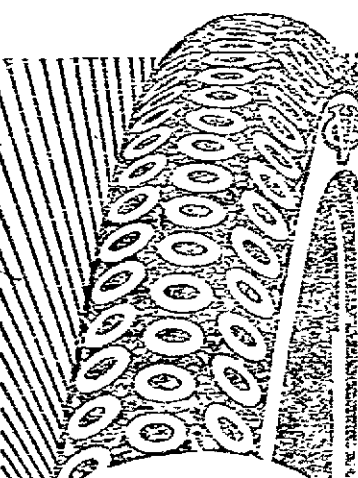

## Do You Know?

Do you know that the people of America are awakening to the fact that something which belongs to them is being taken away? Do you know that the concentrated wealth of America is now engaged in closing up the last monopoly? Do you know that this last monopoly is going to be a monopoly of the earth itself? Do you know that within the next 25 years it will be as hard for you to own a piece of land as it is now for any of the poor peasants of Ireland, Holland or France? Don't you understand that population makes property values and can't you see that this country is filling up more rapidly than any country on earth? Whatever you do, get a home. Have something more than a burying ground. Plan to have your children free men or women with property rights. Think this over and come in and see Campbell Bros. about that two-family house on good street, close in, for \$3,500, cash \$500, and about that fine home, all improvements, near Spruce street for \$2,500. advt 12

## "Y" TEAM IS ORGANIZED.

First Game Scheduled for Saturday, May 15, with High School.

At a meeting of several baseball fans of the Y. M. C. A., held last evening in the "Y" rooms, plans were made for the formation of a baseball team this summer. Gordon Davidson was elected captain, Anthony J. Pedrone manager, and Burton Hulbert business manager. Oneonta followers of the national game are assured of some fast games during the warm months, as several school and other organizations are putting teams into the field. H. P. Weidman is also making arrangements to bring a fast college nine here.

The first game on the Y. M. C. A. schedule is Saturday, May 15, when the team will play the High school organization. Both teams have some good material and an interesting game is probable.

The "Y" team is holding practice every afternoon, commencing at 4 o'clock, and any young fellows who have a desire to link up with it should be at the ball grounds in Neahwa park for practice this afternoon. The manager has secured Ernest W. Bolton, a well-known Oneonta "south-paw" to pitch, and other material is rapidly being whipped into shape.

## Real Estate Transaction.

Campbell Bros. have sold for Mary C. Odell her fine two-family residence located at 11 Franklin street to Dr. George H. Brinkman. Possession June 1st.

Paint is a necessity —not a luxury

A Naughty Bride at the Oneonta.  
The chief role in "When the Cat's Away," which is to be the opening bill of the Chicago Stock company at the Oneonta theatre, matinee and evening, is that of a naughty bride. The role was originally played by Miss Margaret Hiltz.

The chief fault of this young lady, is that even after marriage, she can't seem to give up her many admirers. Among these are found a poet, one of the typical types that the women want to fondle and the men want to kill. Also a doctor, and what man is there who hasn't his suspicions about these professional men, with all due respects to them, and others which all aid to make life miserable for the jealous husband.

The comedy situations arising from this play are fast and furious. Hardly a moment exists that the audience isn't howling with laughter or gasping for air. In fact, those who have seen this play in the larger cities claim that it is, without exception, the funniest comedy ever written. It has all the situations that exist in a bedroom farce, yet there is not one single bed throughout the entire three acts. In fact, it is one of the cleanest comedies of its kind.

Words are not capable of describing the play, so patrons are advised to go to the Oneonta box office early tomorrow morning and order their seats for Monday night's performance. For full particulars, refer to the advertisements in this paper.
